SMARTER DISTRIBUTION | COMPLETE SOLUTIONS

POSITIVE POWER

Complete Forklift Battery & Charger Management

Take the hassle out of managing your forklift power equipment. Positive Power combines batteries, chargers, maintenance, watering and ongoing support into one flexible program with predictable monthly pricing.

Power Up. We'll Handle the Rest.

Guaranteed Uptime

Proactive service and support for batteries, chargers, and extractor fleet.

Scheduled Maintenance

Preventive maintenance is built in to help maintain equipment performance.

Biweekly Battery Watering

Batteries are serviced every two weeks during the program term.

Simplified Billing

Eliminate individual maintenance invoices with program-based pricing.

Protected Pricing

Guaranteed pricing for the established program term.

Flexible Fleet Support

Add assets as your operation grows or requirements change.

One Program. One Power Partner. Less for Your Team to Manage.

The Positive Power Process

Built Around Your Fleet Today — With Flexibility for Tomorrow.

Every program begins with an **upfront fleet analysis.** Our team evaluates your batteries, chargers, extractors, equipment requirements, and condition of your existing assets to determine the right approach.

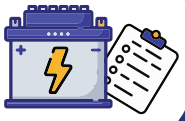

1

ANALYZE

Assess current batteries, chargers, extractors, and power needs.

2

BUILD YOUR PROGRAM

Create the right mix of existing, reconditioned, and new assets.

3

INSTALL & PREPARE

Install equipment and battery watering systems as needed.

4

MAINTAIN & SUPPORT

Provide biweekly watering and preventive maintenance.

5

ADJUST AS YOU GROW

Add assets and monitoring capabilities as your needs change.

6

CHOOSE WHAT COMES NEXT

Renew, purchase, return, or restructure assets at term-end.

Flexible Options At Term-End

As your Positive Power term ends, choose the path that best fits your current equipment and power needs. Options can include:

- Purchase program assets
- Return E-Distribution-owned assets
- Establish new pricing and financing for new or existing equipment
- Renew with existing or additional assets
- Recondition and return qualifying assets

POWER WITHOUT THE HEADACHE.

We manage the power, You manage the operation.
